

Year 9 Options

All year 9 pupils enjoyed an “**Opt into Learning**” presentation by Impact Universal on January 16th. The presentation was a lively introduction to the variety of choices available to year 9 pupils. It focused on pupils thinking about their future and the type of learner they are. The importance of being self motivated and taking the initiative were evident throughout the session. Mr Robin Williams, enrichment coordinator at LGGS, who organised the session said:

"The presentation was very good at making pupils think about the important decisions they have to make in the forthcoming years. It provided an excellent platform for their current position and the options they have."

One year 9 pupil gave the following feedback in her evaluation:

"It was a fantastic production. Personally I thought it was incredibly funny while being informative at the same time. It said a lot about different options for the future that I didn't know."

... A reminder that the **Year 9 Options Evening** is on **Thursday February 5th**.

CHOOSE LEARNING PRESENTED BY **IMPACT**

WHERE TO BEGIN? Everything you need to know to start choosing your options

THE DETAILS All the details needed to help you make an informed decision

IT'S YOUR CHOICE It's the first time you are given a choice - go for it!

GETTING HELP Confused? You will be! But help is at hand
