

International Week

From Kiwi culture to Bollywood dance ... all pupils were given the opportunity to be involved in a whole school, International learning experience!

The principal aim of International Week is to embrace the school's international community by allowing pupils to share their own cultures as well as learning about those of others. It gave the opportunity to celebrate diversity and for pupils to have new experiences by taking part in many activities including: language taster workshops and workshops in art, dance, song, food etc.

Pupils learnt about new countries and cultures but were also able to develop their own leadership and presentation skills by running workshops. There were activities running at lunchtimes throughout the week which culminated in a showcase, where pupils displayed what they have learned at their various workshops.
