

Biology - Olympiad Winners

Biology Olympiad Winners

LGGS girls have once again proven successful in the

UK Biology Olympiad competition. This national competition is entered by year 13 students from some of the top schools in the country and the highest scoring students are awarded medals and certificates in recognition of their outstanding achievement. The highest performing students in the country are awarded gold medals and those with the highest scores are invited to participate in a final selection from which a squad is selected to go onto represent the country in the international Biology Olympiad.

R Southwell, who won a bronze, was invited into the final selection round to represent the UK in the international Biology Olympiad to be held in Japan later this year.

Mr R S Pim Head of Biology
